THE ÆOLIAN

IS AN IDEAL INSTRUMENT

FOR SUMMER HOMES

IT IS DIFFICULT TO CONCEIVE OF A MUSICAL INSTRUMENT MORE SUITED TO THE REQUIREMENTS OF A SUMMER RESIDENCE.

Equipped with an ÆOLIAN, an inexhaustible supply of music is always at hand, without the aid of skilled performers. Music of songs, music for dances, the light opera for amusement and pleasant pastime, and the classical compositions for the student,—all equally available by means of this wonderful instrument.

THE ÆOLIAN IS PRACTICALLY A HOME ORCHESTRA WHICH ANY MEMBER OF THE FAMILY CAN CONTROL

PRICES, \$210 TO \$750.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

LIGHTLY SALTED OR PLAIN.

A Tonic

For Brain-Workers, the Weak and Debilitated.

Horsford's Acid Phosphate

is without exception, the Best Remedy for relieving Mental and Nervous Exhaustion; and where the system has become debilitated by disease, it acts as a general tonic and vitalizer, affording sustenance to both brain and body.

Dr. E. Cornell Esten, Philadelphia, Pa., says: "I have met with the greatest and most satisfactory results in dyspepsia and general derangement of the cerebral and nervous systems, causing debility and exhaustion."

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY
OF THE **SYMPHONY**

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

BOSTON, MASS.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

SPECIAL NOTICE. Owing to long-standing engagements of Music Hall, there will be no concert on the evenings of Monday, Tuesday, Wednesday, and Thursday, May 27, 28, 29, and 30. The concerts will be continued every evening except Sunday, beginning Friday, May 31.

Our attention has been drawn to the great inconvenience to the musical public by the various editions issued in America of

Mlle. Chaminade's Songs and Piano Compositions.

We respectfully beg to inform all who are interested that there is ONE and ONLY ONE EDITION authorized by the composer, and issued by her publishers in Paris and London.

The SOLE right of representation for the United States of America has been given to

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

LIGHTLY SALTED OR PLAIN.

A Tonic

For Brain-Workers, the Weak and Debilitated.

Horsford's Acid Phosphate

is without exception, the Best Remedy for relieving Mental and Nervous Exhaustion; and where the system has become debilitated by disease, it acts as a general tonic and vitalizer, affording sustenance to both brain and body.

Dr. E. Cornell Esten, Philadelphia, Pa., says: "I have met with the greatest and most satisfactory results in dyspepsia and general derangement of the cerebral and nervous systems, causing debility and exhaustion."

Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

Pianos rented now, held free of charge until date of shipment.

Pianos to rent.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

"FOR LIGHT EVENING LUNCH,"

KENNEDY'S
BANQUET WAFERS.

LIGHTLY SALTED OR PLAIN.

A Tonic

For Brain-Workers, the Weak and Debilitated.

Horsford's Acid Phosphate

is without exception, the Best Remedy for relieving Mental and Nervous Exhaustion; and where the system has become debilitated by disease, it acts as a general tonic and vitalizer, affording sustenance to both brain and body.

Dr. E. Cornell Esten, Philadelphia, Pa., says: "I have met with the greatest and most satisfactory results in dyspepsia and general derangement of the cerebral and nervous systems, causing debility and exhaustion."

Descriptive pamphlet free.

Rumford Chemical Works, Providence, R.I.

Beware of Substitutes and Imitations.

Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

Pianos rented now, held free of charge until date of shipment.

Pianos to rent.

OLIVER DITSON COMPANY,

453-463 WASHINGTON STREET (Take Elevator),

BOSTON, MASS.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and *NOT* of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

For Brain-Workers, the Weak and Debilitated.

Horsford's Acid Phosphate

is without exception, the Best Remedy for relieving Mental and Nervous Exhaustion; and where the system has become debilitated by disease, it acts as a general tonic and vitalizer, affording sustenance to both brain and body.

Dr. E. Cornell Esten, Philadelphia, Pa., says: "I have met with the greatest and most satisfactory results in dyspepsia and general derangement of the cerebral and nervous systems, causing debility and exhaustion."

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you
pay for, as it is the only one where you can use *every* and all sets
of reeds for the automatic part, and also where you play upon the
Key-board as on an organ.

This, in connection with a *pure musical tone*, which, unlike all
others, does away with the coarse *reedy* quality, gives an instru-
ment which has the effect of the *Finest Orchestra* and NOT of the
Brass Band.

Symphonies and overtures, as well as lighter music, played
upon this wonderful instrument, bring delight to both the player
and listener.

We do not ask you to believe this because we tell you; but, after you have
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own
programmes.

"FOR LIGHT EVENING LUNCH,"

KENNEDY'S

BANQUET WAFERS.

LIGHTLY SALTED OR PLAIN.

A Tonic

For Brain-Workers, the Weak and Debilitated.

Horsford's Acid Phosphate

is without exception, the Best Remedy for relieving Mental and Nervous Exhaustion; and where the system has become debilitated by disease, it acts as a general tonic and vitalizer, affording sustenance to both brain and body.

Dr. E. Cornell Esten, Philadelphia, Pa., says: "I have met with the greatest and most satisfactory results in dyspepsia and general derangement of the cerebral and nervous systems, causing debility and exhaustion."

Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

Pianos rented now, held free of charge until date of shipment.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Keyboard* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

LIGHTLY SALTED OR PLAIN.

A Tonic

For Brain-Workers, the Weak and Debilitated.

Horsford's Acid Phosphate

is without exception, the Best Remedy for relieving Mental and Nervous Exhaustion; and where the system has become debilitated by disease, it acts as a general tonic and vitalizer, affording sustenance to both brain and body.

Dr. E. Cornell Esten, Philadelphia, Pa., says: "I have met with the greatest and most satisfactory results in dyspepsia and general derangement of the cerebral and nervous systems, causing debility and exhaustion."

Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

Pianos rented now, held free of charge until date of shipment.

THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

LIGHTLY SALTED OR PLAIN.

A Tonic

For Brain-Workers, the Weak and
Debilitated.

Horsford's Acid Phosphate

is without exception, the
Best Remedy for relieving
Mental and Nervous Ex-
haustion; and where the
system has become debili-
tated by disease, it acts as
a general tonic and vital-
izer, affording sustenance to
both brain and body.

Dr. E. Cornell Esten, Phila-
delphia, Pa., says: "I have met
with the greatest and most satis-
factory results in dyspepsia and
general derangement of the cere-
bral and nervous systems, caus-
ing debility and exhaustion."
